02.

How software testing is changing now a days?

ttc

03.

Classification of automation testing tools

#	3rd Generation Automation Tools (*I used here dummy automation tool name*)	4th Generation Automation Tools
1	XYZ Automation Tool (Java/python/groovy/C#)	TOSCA Automation Tool (Model base automation)
2	123 Automation Tool (VB scripts)	etc.
3	ABC Automation Tool (Java and VB.net)	
4	etc.	

04.

TOSCA Automation Framework.

(Completed following automation framework design 45 minutes.)
